

## REGION 6 SOLID WASTE-RESOURCE MANAGEMENT

### GOALS:

The Committee is established to endeavour to achieve the following general goals:

- a) To develop an integrated Solid Waste Resource Management system for the Parties which is environmentally sound, socially acceptable and financially feasible;
- b) To develop a SWRM system while avoiding, if possible, placing restrictions on the ability of each of the Parties to alter or refine the system during implementation;
- c) To develop a SWRM system while avoiding, if possible, placing restrictions on the ability of each of the Parties to enter into separate agreements addressing the subject of Solid Waste Management with other Regions, Municipal Units or the Private Sector;
- d) To strive for an optimum balance between maximising the Long-Term Benefits achievable by diversion from disposal and minimising Costs, both operating and capital, associated with implementation of the SWRM system;
- e) To develop programs and services aimed at Waste Reduction, Reuse, Household Hazardous Waste, and Education to assist in achieving the Provincial diversion targets – and to comply with any disposal bans imposed through the SWRM Regulations;
- f) To assist in meeting and even exceeding the Provincially mandated diversion targets if the Committee deems it environmentally, socially and/or financially beneficial to do so;
- g) To assist in increasing public awareness and public participation in the SWRM system;
- h) To consult with the public in an attempt to have the decisions of the Committee reflect the needs and desires of the population as a whole; and
- i) To conduct its operations equitably and in a fiscally responsible manner.

### EXECUTIVE ROLES:

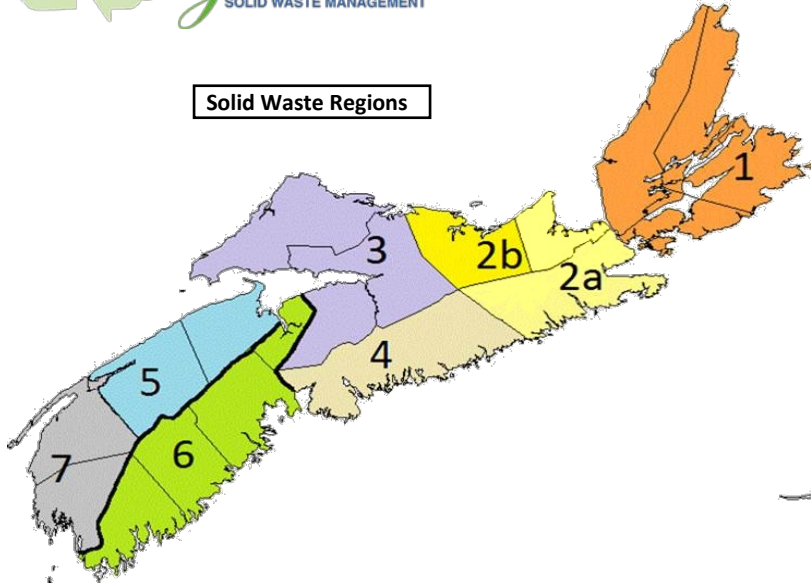

The Chair and Vice-Chair will be chosen from among the elected representatives:

- Chair
  - o Call meetings
  - o Set the agenda
  - o Help keep the Inter-Municipal Committee on task
  - o Maintain order through the consensus approach
  - o Organize sessions with outside observers/presenters.
  - o Represent Region 6 stakeholder members at the table of the '*Nova Scotia Solid Waste-Resource Management Regional Chairs*'
- Vice-Chair
  - o Carry the role of the Chair in his absence

### COMMITTEE OFFICER ROLES:

- o record and document the proceedings of each meeting
- o email updates and notes to committee members
- o Establish meeting spaces when required
- o Assist in organizing sessions with outside observers/presenters
